

Shield and Bow

2018

Honoured maiden huntress, Artemis, Artemis,
New Moon, come to us.

Silver shining wheel of radiance, radiance,
Mother, come to us.

Honoured queen of wisdom, Hecate, Hecate,
Old One, come to us.

Welcome to the first gathering for Shield and Bow!

We are so excited to have you here and for the opportunity to manifest a weekend for the community that explores womanhood. It is our hope that you will forge new connections, strengthen existing bonds and challenge yourself while having fun.

The event is completely volunteer driven from members of the sisters of the hunt and we would like to extend a huge thank you to everyone who's stepped forward. Hail the sisters!!

The Trials of Artemis mean many things to different people. For some, it is a day long event at the Kaleidoscope Gathering; while for others, it is an experience that changes their life. Shield and Bow is our attempt to bring some of that wide-ranging experience forward and to the broader community. Every workshop/event being offered here is a different facet or interpretation of how we view womanhood as sisters of the hunt and we warmly welcome your presence here this weekend.

By the Sisters for their sisters!
